Step 2

When I have confirmed that your Qualification has been verified the entry fee of 140 is due to be paid. It must be paid in GBP and please send £122.

The payment of £122 can be paid either by cheque or postal order made payable to BAWLA Masters to: Mark Beck, Manchester Strength and Conditioning, Pear Mill, Stockport Road West, Lower Bredbury, Stockport, SK6 2BP

Or to the BAWLA Masters Bank Account using your name as payment reference

Sort code 60 18 01

Account 47243961

Step 3

When your payment has been made and receipt of payment is confirmed you will be sent an **access code/Password** for the registration website. www.imwa-reg.com

If you attempt to enter without having been sent this access code personally your entry will be invalid. Do not attempt to share your access code with others as this will make their entries invalid.

The deadline for the completion of steps 1, 2 and 3 is 1 April 2024

Note: If you think you may have made an error in your registration or for any queries or problems encountered you must contact me. The same applies if you decide you want to move to a higher or lower bodyweight category.

Do not contact the organiser or the Masters Secretariat Denise Offermann.

- Payment of entry fees must be made before you can register, once the entry fee is received you will receive your access code.
- You will only be able to use the access code once and it must not be passed on to others, e.g., friends and/or training partners.
- Once you have the access code you should register as quickly as possible.
- When your registration is complete you will receive a confirmation email showing all the details you entered.
- If you discover you have made an error, **do not** contact the Secretariat, contact the national Masters Chairman and after all the entries are in he will notify the Secretariat and your details will be amended.

Immediately the closing date is reached the national Masters Chairman will pay all the entry fees in one sum to the European Masters bank account by electronic bank transfer.

This means that no single registration will be accepted and no registrations will be accepted that are a blatant attempt to bypass a national Masters Chairman.

Within a few days of registration closing the Start Lists for men and women will be produced and shown on this European Masters website. Shortly after the Competition Schedule will also be produced and shown on the website.
